

VALSAD CITY - ROAD NETWORK

About Valsad City

➡ Valsad is a District of Gujarat which shares its boundary with 2 Union Territories ("Daman" and "Dadra and Nagar Haveli") and Maharashtra State. This District has 5 talukas - Valsad, Dharampur, Pardi, Kaprada and Umergaon. Area of Valsad is 2947 square Kilometers in which Valsad city has an area of around 578 square kilometers.

➡ Major roads in Valsad city are more than 125 Km in length. Which includes one National Highway (NH-48) and 3 State Highways. Density of road networks are more in western region than Eastern Region. Low density in eastern region is due to Jungle area and proximity of "Sahyadri Mountain Ranges".

➡ Valsad city has rail connectivity of around 24 Km with two Railway stations - Dugri and Valsad Railway station in which Valsad Railway station is a major station.
