

# Title: State Railway Stations and Railway Network Map of Gujarat, India

## Map Description & Analysis

### Introduction:

• The state of Gujarat falls under the jurisdiction of the Western Railways, which is a division of the Indian Railways.

### Railway Network Details:

- The major railway stations in Gujarat are Ahmedabad Railway Station, Surat Railway Station, Vadodara Railway Station and Rajkot Railway Station. Indian Railways is thinking about laying a Delhi-Mumbai cargo itinerary moving across the state of Gujarat. A Pune - Mumbai - Ahmedabad High-Speed Passenger Corridor has also been proposed by the government which will cover the states of Maharashtra and Gujarat.
- The busiest railway junction in the state is the Vadodara Railway Station and it is the fourth busiest railway junction in the whole country. The station lies on the Western Railway Mainline connecting Delhi and Mumbai.
- The Railways in Gujarat always provide a fast, economical and simple means of transport both for goods and passengers. The main cities of Gujarat are connected to the metropolitan in India. The major rail routes are categorized as-
  - Broad Gauge
  - Meter Gauge
  - Narrow Gauge
